Counselling and career services

Northern Sydney Institute has free and professional educational, personal and career counselling service.

Our counsellors can provide you with free educational and career counselling — whether you are leaving school, preparing to enter or return to employment, looking for a career change, or seeking additional skills or qualifications. Counsellors can help you with:

- exploring your options
- planning an individual education and career pathway to achieve your goals
- information about entry requirements, selection criteria, student services and support services
- other questions or concerns relating to your study.

If you are already at NSI, counsellors can further assist you with:

- developing skills for success in work, study and life
- planning the next step in your career or education
- overcoming personal and learning challenges that may be interfering with study
- referral to other services for legal, medical or financial support

Visit the [Counselling and Career Services](#) website which has a range of useful resources for students and intending students.

Or make an appointment by phoning or dropping into your college counselling and careers unit.
